I love learning. I build Web and Mobile Applications.

## EDUCATION

<b>Graduated: 2024</b>	Bachelor of Science(BSc) Computer Science First Class Honours (4.64/5.0) Babcock University, Ilishan, Nigeria	<b>Activities/Positions :</b> GDSC Babcock Primary Team Member (BSc) President Science Club ( SSC) Senior Prefect Boy (SSC)
<b>Graduated: 2020</b>	Secondary School Certificate (SSC) Oaksvew International College, Nigeria	<b>Awards:</b> 2nd place Essay Competition (Wells Radio, Nigeria) Outstanding Leadership(Oaksvew, College) Valedictorian (Oaksvew, College)
<b>Relevant Coursework:</b> C, C++, OOP with Python, AI, ML, Modelling and Simulations, JAVA, Info Theory, Internet Technologies and Web App Development, DB design and implementation, Androids, DSA, SQL, VB.Net, Hardware, OS, Discrete Maths.		

## CERTIFICATIONS

- Flutter and Dart Course Certificate of Completion| **Udemy**
- Introduction to C++ | **Sololearn**
- Certified Secure Computer User Certificate | **Aspen ECCouncil**

## EXPERIENCE

<b>January 2024 – May 2024</b>	<b>Mobile Application Developer (Volunteering)</b> Google Developer Students’ Club, Babcock University, Ilishan <ul style="list-style-type: none"><li>Implemented features using <b>Flutter and Dart</b>, ensuring high performance and reliability.</li><li>Worked with the team to develop and devise strategies to support junior students in their mobile development journey.</li><li>Collaborated with other team members to develop an academic progress tracker..</li><li>Participated in the testing phase and ensured the app was ready for launch</li></ul>
<b>January 2023 – July 2023</b>	<b>Intern (Full-time)</b> Ufitfly, Nigeria <ul style="list-style-type: none"><li>Managed extensive user data and information, utilizing advanced spreadsheet skills</li><li>Assisted in creating, editing and storing various documents to enhance their quality for client submissions</li><li>Conducted travel research and presented findings at department conferences.</li><li>Handled daily email correspondence, including checking and sending emails.</li></ul>

## RELEVANT PROJECTS

<b>BU Connect - BSc Computer Science Research Project</b>   Dart, Flutter, Firebase, Riverpod, OOP <ul style="list-style-type: none"><li>Developed a Community-Based Social Networking Application specific to the university System</li><li>Implemented Various features to facilitate networking like community creation, moderation, post sharing, private messaging and many more</li><li>Userbase streamlined to users with school authorized mails using Google Authenticator</li></ul>
<b>StudyStats - Academic Progress Tracker</b>   Dart, Flutter, Firebase, OOP, Riverpod <ul style="list-style-type: none"><li>Developed an academic progress tracker together with my other colleagues</li><li>Features include CGPA tracking and calculation based on the 5- point system, goal setting, and more</li><li>Performed extensive testing, and the app is now live on Google Play and the App Store.</li></ul>
<b>Hospital Management System</b>   Python, Matplotlib, OOP <ul style="list-style-type: none"><li>Developed a system for managing hospital operations and its data</li><li>Features include appointment booking, managing patients and doctors, patient relocation ,report visualisation and more</li></ul>

## SKILLS AND INTERESTS

Programming Paradigms: OOP, Functional, Procedural, Event-Driven  
Programming Languages: Dart, Python, JavaScript, Java, C++, C, Kotlin, HTML, CSS, SQL, PHP  
Frameworks/Tools: Flutter, Firebase, Linux Kernel, VS code, Google Sheets, Google Docs, MySql WorkBench, Riverpod 2.0, git, github  
other technical skills: clean MVC architecture code writing, Code testing , review and Documentation  
Soft Skills: Leadership, Teamwork, Problem Solving, Creativity, Conflict Management  
Languages: English (Proficient) , Yoruba (Native), Spanish(Basic)  
Interests: Football
